

Notes:

Dick Diamond and The Dusters is a self-contained, 6-member band. The band uses their own X32 rack and split snake for their own in-ear monitor systems. Members bring their own mics, stands, cables, direct boxes, and will pin their own channels to their own floor box. FOH engineer will receive a 22-channel, labeled fan/whip (only 16 channels are used by FOH). There is 25' of fan cable from the X32, which must be run from stage right. A sub snake may required for longer runs to FOH board if on stage left. Power is required at the rear of stage left and stage right, and also at the front of stage left and stage right. **Note: Some band members may run their instruments via direct inject and without any stage amps.**

Dick Diamond & The Dusters Stage Plot

For more info, contact Kyle Ludovice at (219) 781-0066

If needed, mics and stands for overhead cymbals supplied by FOH

Stephen (No Vocals)
Drums

"Zac Kerouac"
